Premessa

Il presente Catalogo contiene un insieme ridotto delle figure acrobatiche contenute nel Catalogo CIVA applicabile per la formulazione dei programmi Imposti Sconosciuti delle Categorie Sportsman ed Intermedia nell'ambito delle gare organizzate in accordo con il Regolamento Unico di Acrobazia Aerea a Motore emesso dall'Aero Club d'Italia.

Il Catalogo è organizzato in capitoli corrispondenti alle famiglie di figure come definite nel Catalogo CIVA. Per motivi di omogeneità ed univocità di interpretazione viene utilizzata la stessa denominazione e si riportano solo le figure ammesse dal regolamento nazionale per la singola categoria.

Per facilitare la comprensione e l'utilizzo del catalogo la presentazione delle figure è fatta seguendo la simbologia ARESTI presente nel FORM "A" e FORM "B" internazionale, mostrando per ogni singola famiglia "base" le varie combinazioni possibili con la famiglia 9 del catalogo CIVA, che comprende Roll, Spin e Flick.

Di seguito un esempio della simbologia :
